

End of Day (EOD) Report

Date: 10 July 2026

Accomplishments

- Wrote a Python script using regular expressions to automate a task.
- Used my existing Git and GitHub setup to create a new branch for my work.
- Uploaded the Python automation script and successfully submitted my first pull request.
[Task](#)

Challenges

- Had to check the Git commands to make sure the new branch was pushed properly before opening the pull request.

Next Steps

- Practice writing more Python scripts to automate simple tasks.

Regards,

Mohsin Rasul
